Family Hubs in North Northants

A one-stop shop where you can get support, information, and advice for you and your family.

North
Northamptonshire
Council

Funded by
UK Government

Who are Family Hubs for?

If you live in North Northants and are expecting a baby or are parents/carers of children and young people aged 0-19 (25 with SEND) then you can access services available in the Hubs. There will be a range of services, some will be available to those who have the greatest needs but there are also services available to all for example baby health clinics, adult learning, stay and play, youth activities.

What are Family Hubs?

Family Hubs are friendly and safe spaces for babies, children, young people and their parents/carers to go when they need help and support. The people who work in the Hubs are friendly and will work with you to help you find and access help from different services in the local area.

They are a single point of contact for families with children 0-19 or up to 25 years old if they have special educational needs and disabilities (SEND) and the staff will be able to give you information, advice and support.

As well as babies and children, we support young people aged 11-19 years (25 with SEND) through our wide range of Youth Service professionals. These can provide access to advice, guidance and signposting on a wide range of topics such as wellbeing services, careers, leisure activities and local youth groups too.

Our early childhood services (from pregnancy until a child's second birthday) are known as **Start for Life**. You can find out more about our Start for Life offer here:

startforlife.northnorthants.gov.uk

What can we help with?

Family Hubs offer a wide range of help and support, including:

Physical health

Financial advice or support

Wellbeing & mental health

Helping prepare your child for school
