

Police Liaison Representative (PLR) Report May 2026

As PLR the Clerk receives an update through NCALC from time to time, various Northamptonshire Talking Alerts including some Neighbourhood Watch items, and some direct notices from the Police which include the monthly newsletters (on our website) of the Police, Fire and Crime Commissioner (PFCC) for the county.

There have been 6 Neighbourhood Alerts, 1 of which has been relevant to be posted on our website on the Police and Cyber Alerts page. In addition, there have been 19 communications from the Police/PFCC.

The Police now publish their own update for Police Liaison Representatives (PLRs) and the issue for April covered:

- Firearms amnesty success
- Sextortion reports
- Operation Relentless (use of ANPR, Live Facial recognition, Digital Intelligence and the Force Intelligence Bureau to apprehend wanted individuals and to target high risk drivers)

Links to the local area information on the Police website for East Northamptonshire, including maps and allocated personnel, are included at the top of our Police and Cyber Alerts page on our website. From here there is a link to the police.uk website which contains statistics and progress on reported crime in the area.

Richard Allinson
Clerk
